The second password will work for the 87895-4 Chem review which is where the CSFs for that product are.

Hi Shanta/Debra,

May it is me, but the passwords provided aren't working on the files sent in the other email of 12/16. Can you tell me which password goes with which file, maybe that is the problem I am having—I particularly want to see the CSFs for 87895-4.

Kerry,

The attached file contains passwords for all of the files sent to you and CITAB this morning. Please let Debra and I know if you need anything else.
